2) General business

- Reading of IPR and Controlled Information Policies

3) Announcements

- New members
- Other Announcements

5) Schedule Review – session agendas to be presented by group leaders

6) Recess to Thursday

Reminder: Intellectual Property Rights Policy

This meeting is being held under the Intellectual Property Rights Policy adopted by the Forum. If you do not have a copy of this policy, please view and download a copy of that policy (SDRF Policy 007) from the Policies and Procedures section of the Forum's website.

If you are personally aware of any claims under any patent applications or issued patents that are likely to be infringed by an implementation of a specification or other work product which is the subject of this meeting, please inform me or an Officer of the Forum. You need not be the inventor of such patent or patent application in order to inform us of its existence, nor will you be held responsible for expressing a belief that turns out to be inaccurate.

Reminder: Restricted and Controlled Information Policy

Participants in this meeting are reminded that the Forum is an international organization, and they are prohibited from disclosing export restricted or controlled information during the course of this meeting.

In addition, participants are reminded that they are prohibited from making input contributions containing export restricted or controlled information to the Forum. Members wishing additional information on these prohibitions are referred to the Forum's Policy on Restricted and Controlled Information (SDRF Policy 009) available on the web.

Verizon

Technical Exchange Meetings

The Wireless Innovation Forum Technical Exchange Meetings (TEMs) and DySPAN-SC meetings are co-located with the conference.

- Conference attendees may attend all working sessions. Non-member participation will be as observers/guests.

Thanks to the chairs of the Committees:

- E.Nicollet (Thales) and Ken Dingman (Harris), co-chairs of the CCSCA
- Bruce Oberlies (Motorola Solutions), chair of the Spectrum Innovation Committee

Note: technical exchange meetings are not planned for the Spectrum Sharing Committee this week. Please see Lee Pucker if you want information on how to get involved.

Schedule Review
