SDS Standards

SDS Audio Harmonization Project

SDS Committee Activities

SCA 2.2.2 Updates

- SCA 2.2.2 Test Procedures and automated test application (Test Suite) marked Distro A, available for public release
- SCA 2.2.2 Test Suite has been delivered from JTNC to the WinnForum
 - Available on WinnForum website: <https://sds.wirelessinnovation.org/sca-based-standards-library#testsuite>
- Makes majority of SCA 2.2.2 Test Suite available for international use
 - Automated test for Application Environment Profile (AEP) validation is not commercially available due to purchase of company that owned those rights

SDS Committee Activities

WinnForum Standards

- **Principles for Facility Standards**
- **Time Service Facility**
- **Transceiver Facility**

Audio Harmonization Project
