Mr. Lee Pucker  
Chief Executive Officer  
The Wireless Innovation Forum  
130-12100 Sunset Hills Road  
Reston VA 20190  
USA

Dear Mr. Pucker:

**Re: Proposal for Software Communications Architecture Version 2.2 JTEL  
Certified Reference Implementation dated June 30, 2004 from the  
Communications Research Centre Canada (CRC)**

CRC is no longer hosting the SCARI reference implementation, which is referenced in the subject proposal, on CRC's website. This is to confirm that the Wireless Innovation Forum (SDR Forum Version 2.0) can host the Deliverables (to the extent the Deliverables are amenable to web hosting) and all related documentation, as per Section 4.11 of the subject proposal. The software, documentation and models were e-mailed to Mr. Pucker and Mr. Dziuban on May 9, 2014.

Should you have any additional questions, please do not hesitate to contact either Maria Mill via telephone at 613-991-2891 or Trudy Krzyzanowski via telephone at 613-998-8925 or CRC's Technology Transfer Office via e-mail at [tto-btt@crc.gc.ca](mailto:tto-btt@crc.gc.ca).

Sincerely,

Colette Jubinville  
Executive Vice President Business Development
